SUPPLEMENTARY INFORMATION: The BLS uses the Consumer Expenditure Surveys to gather information on expenditures, income, and other related subjects. These data are used periodically to update the national Consumer Price Index. In addition, the data are used by a variety of researchers in academia, government agencies, and the private sector. The data are collected from a national probability sample of households designed to represent the total civilian non-institutional population. The proposed revisions to this ICR fall into two major categories: streamlining the current questions and updating and deleting several questions to reflect the current marketplace.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0050. The current approval is scheduled to expire on April 30, 2014.
